

## CR200 ClearRing Amplified Telephone Ring Signaler

Simply connect the CR200 to your telephone or phone line and when you receive a call, the bright flashing LED and the extra loud ringer are activated to let you know the phone is ringing. You can also use the optional vibrating pad so you don't miss those important telephone calls when you are sleeping. Place the vibrating pad under your mattress or pillow, and when the telephone rings, the pad vibrates to wake up even the deepest sleeper.
